

BROWN SWISS PROOF RELEASE

EVOLUTION INTERNATIONAL – AUGUST 2018

Summer is hot with NICE GP!

NICE GP is entering the BGS lineup this summer and will be attractive for all beautiful cow lovers but also those looking for a good combination of production and functionality. Endowed with a remarkable udder health score, and a daughter fertility well above the breed average, it is however not its main assets: he will transmit the power which one likes of the Brown Swiss as well as excellent udders. It must be confessed that he holds all his qualities of his famous family, from Douane.

This great-granddam is one of VIGOR's most famous daughter in France. His granddam Glena GP (Glenn) has multiple production records over 13,000 kg in 305 days! and finally his dam Jolie GP is one of the few Calvin daughters in Europe with a son available to AI. This impressive cow has just won the Chatillon 2018 Young Cow Championship!

GLENA GP (Glenn)

NAMUR still at the top

The Vassli half-brother to Luther remains at the top in all countries ! He is number 3 in Germany, number 6 in Italy, also 203 PPR in USA with 121 kg of combined fat+protein!). He will sire strong cows, with great feet and legs, and good fertility. Easy to use on heifers and he is available widely with sexed semen.

NAMUR aAa 615243

MAJESTE the different Carter son

This bull ranks 4th in USA for PPR with an incredible level of milk and components and correct fertility with such level. With Carter as a sire, it's a really different option, without Huray, Glenn, Huxoy, in the pedigree. He is very easy calving sire.

MAJESTE aAa 423651

MELVIS at the first position for ISU

This son of Isold has really a very complete package: over 1700 kg of milk with really high protein %. His family is loaded with milk and longevity and he will sire strong and deep bodied cows, with wide level rumps and good rear udders ! Udder health is very good and he can be used on heifers or crossbreeding with his very easy calving value, available with sexed semen.

MELVIS aAa 432651

MOMO PF is the component star not to miss !

This is the most interesting son of lfeeling. He ranks number 3 in Switzerland with GZW 1401 ! he is also really high in PPR (180), in german GZW (128) and ITE (1229). He has not only high components but also high production, very well attached udders and good fitness traits. His pedigree lfeeling x Husold x Dally gives him a lot of opportunities to use, he is well available also sexed.

MALCOLM, the late complete Anibal son

This bull comes from an incredibly deep family back to Urgele (Vinozak) still alive with over 100 000 kg. He is high milk, good %F and %P, complete type, good udder health and fertility, great longevity, what else can you ask ? He is normal calving ease and available sexed. His sire stack Anibal x Harley x Fernando x Zaster x Vinozak is not common too !

INDE (Harley x Fernando x Zaster)
dam of MALCOLM

MELCHIOR, one of the dairiest Biver son!

He is over 1040 pounds of milk in USA , 143 PPR, also GZW 1299 in Switzerland and +1197 milk, he ranks among the best Biver son in total merit ! With his strong background for milk with Anibal x Huray x Talc, there are developed to milk and last. He available sexed too.
